### **DETAILED ACTION**

1. The following is an examiner's statement of reasons for allowance:

Hamburgen et al (U.S. 5,582,242), Luo (U.S. 6,827,133), Cornelison et al. (U.S. 2,958,021) and Tajima (U.S. 5,632,158) all fail to disclose the following patentable limitations of the applicant's claimed and disclosed invention:

- Hamburgen, Luo and Cornelison all fail to disclose a flange fitly embracing the pipe member to receive the other open end of the pipe member therein;
- Tajima patent fails to disclose the thickness of the flange being not larger than a thickness of the pipe member at the open end received in the interlocking member.

The combinations of the claimed limitations are novel and found to be allowable over prior art. The cited reference taken singly or in combination does not anticipate or make obvious applicant's claimed invention.

### ***Allowable Subject Matter***

2. Claims 1-7 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
